Re: Remote Gate Entry System

Dear Homeowner/Resident:

Enclosed are the gate bar code decals for your vehicles that you requested.

Bar code: \_\_\_\_\_

As the gate system is designed to hold a finite amount of information, please list the bar code numbers that you still use for your personal vehicles:

\_\_\_\_\_

Gate phone instructions are as follows:

- 1- Homeowner answers call from someone at the gate phone system
- 2- Homeowner will then press 9 on their phone
- 3- The gate will open

New Residents:

Below please find your manual 4-digit access code. This code can be used in place of your remote control.

Also, below is the 3-digit Directory Code number assigned to your name. You may give this 3-digit number to family and friends so they do not have to scroll through the gate directory to find your name.

Access Code: \_\_\_\_\_ Directory Code: \_\_\_\_\_

Thank you,

Deborah Paul, CMCA  
Community Association Manager  
For Ashington Estates Neighborhood
